

SANGIOVESE

WHITE HAWK

SANTA BARBARA COUNTY

Description

With sangiovese I strive to preserve a juicy freshness, along with just enough tannic punch to nod to the grape's origins. It's so versatile with food this way, with year-round appeal at the dinner table. This sangiovese is already strutting its stuff with a gorgeous floral profile and an open, lively mouthfeel. Expect a certain prettiness—with dried violets and rose petals galore—balanced with more primal aromas of tobacco, saddle and dusty earth
