

# SYRAH

## DUVARITA

### STA. RITA HILLS

#### **Description**

Ultimately Syrah does ripen here, in a way that is shocking if you're used to thinking of California Syrah as jammy and flabby. Duvarita shows Syrah with all its racy and exotic potential—high toned and fresh on the palate, it's loaded with flavors of fresh ground pepper and graphite, along with ribbons of cured umami and smoky herbs.
